SaJHS Advanced Choir Commitment 2026-27

Making an advanced choir is like making a sports or dance team. You wouldn't make the team and then quit halfway through the season. The same applies to our full-year advanced choirs. You are expected to stay in this class for the full year.
If you are unsure whether you would like to make that commitment, I would invite you to consider our half-year non auditioned choir class. If you want to give up your spot in an advanced choir, please come talk to me ASAP.
Please note that by signing this, you are committing to participate in this choir for the full year and you understand that Mrs. Thomson will NOT sign a class change form.

Thank you-I look forward to a wonderful and fun year of learning and making music together!

I understand that this is a full-year choir commitment and I will be a helpful and productive teammate for the entire year. I will commit to staying with my team for the full year and doing my best!

Student Signature:_____

I understand that I & my student are both making a commitment. I will help them be a helpful and productive teammate for the entire year and I will remind them of the commitment they are making here to remain on their team for the whole year.
